European Mail Summary.

Our dates from Europe by mail yesterday are to the 22nd November. The following is a condensed summerary of the latest news :—

The approaching return of her Majesty to England is foreshadowed by the Lord Chamberlain's announcement that the State apartments of Windsor Castle will be closed on and after Monday next. The departure of the Queen and Court from Balmoral is fixed to take place on the 19 h inst. Her Majesty did not go to Crathie Church on Sunday last. Divine service was performed in the Castle by the Rev. professor W. Milligan, of the University of Aberdeen, before her Majesty and the members of the Royal household. Mr. Stansfield dined with the Queen in the evening.

At Arnsberg his Serene Highness Prince Frederick William of Wittgenstein-Hohenstein, brother of the reigning prince, has been convicted of ill-treating a woman, and sentenced by the Chief of Appeal to four week's imprisonment.

The Rev. J. N. Dalton, M. A., of Clare College, Cambridge, has been appointed tutor to the young Princes Albert Victor and George of Wales. Mr. Dalton graduated B. A. in 1863, when he obtained a third class in the classical tripos In the following year he obtained a first class in the theological honours, a Crease scholarship, and a Scholefield prize.

Mr. Justice Hannen has been appointed to succeed Lord Penzance as Judge-Ordinary of the Divorce and Probate Court, and Mr. Archibald has accepted the judgeship thus rendered vacant in the Court of Queen's Bench. Although a stuff-gownsman, Mr Archibald is well known as one of the ablest lawyers of Westminster Hall, and until this appointment has held the important position familiarly called the "Attorney General's Devil," in which he is to be succeeded by Mr. C. S. Bowen.

The *Gazette* of the 8th inst. announced the appointment of Sir George dowen, Governor of New Zealand, to be Governor of Victoria, in sucession to Lord Canterbury, whose term of office has expired. Sir James Fergusson, Governor of South Australia, is to be Governor of New Zealand, in succession to Sir George Bowen.

The *Daily News* understands that a marriage has baen arranged between Annie, second daughter of Sir Anthony De Rothschild, and the Hon. Eliot Yorke, son of the Earl of Hardwicke, a conservative peer. The lady does not embrace Christianity.

Serjeant Sleigh will defend 'the Claimant' in his coming trial for perjury.

At Exning, Suffolk, the rev. Erskine Neal, the vicar, declined to receive a penny from his tenants, though they brought their money, owing to the failure of the potato crop, observing that no abatement seemed to meet the merits of the case.

Mr. Bright, in declining an invitation to attend a civic banquet at Brimingham, on Saturday, wrote as follows :—"I am still obliged to shun public dinners and meetings and speeches, and must therefore ask your committee to excuse my absence. I am not the less indebted to them for their kind remembrance of me."

The Italian journals point out that there are still kept in the arsenal of the Vatican 18 cannons, 50,000 rifles, 400 revolvers, 10,000 cavalry swords, 10,000 poignards, and large stores of ammunition. There are besides in the Vatican the following well-armed corps:—The Noble Guards, the Swiss Guards, the Gendarmes, the Palatine Guards, and the Papal police. These troops, as well as the officers of the former Papal army, are perfectly organized, and commanded by General Kanzler, who continued to maintain his military staff, to drill the troops, and to make the officers study military science according to the Italian method so as to familiarize them with that method with a view to eventualities.

There is a rumour that the Advanced Liberal and Dissenting electors of the Sheffield constituency; being somewhat alarmed at the idea of Mr. Roebuck again coming forward as a probable candidate for the borough, have selected a Sheffield gentleman of high financial position and throughly Liberal principles to stand on their behalf when a vacancy occurs.

The *Rock* says:—"The Rev. Capel Molyneux stated to his congragation recently:—I have a duty to discharge to my patron and to my cogregation, and cannot therefore actually secede at once; but if I am spared to the end of the year I shall, when I close the year. close at the same time my ministerial connection with the Church of England."

M. Ernest is now at Naples, where he has been as warmly received as he was in Rome. An Italian letter in the *Soir* says that M. Renan has just begun a new work, to be entitled. The Antichrist," in which he will maintain that the Antichrist of the Apocalypse is the Emperor Nero. Meanwhile (the *Soir's* correspondent adds) the clergy are of opinion that the Antichrist is no other than M. Renan himself. They are celebrating a *triduo* to expiate the profanation caused by his presence in the capital of Catholicism.

Brandies.—The first direct shipment from France of the celebrated Champage Vineyard Proprietors' brandy, for Turner, Beeton & Tunstall, arrived at San Francisco thig week by ship Resolve from Bordeaux, and is expected up on the Prince Alfred. This shipment comprises amongst other dates of vintage some more of the celebrated 1831 and 1855, the former now over forty years old. These brandies are acknowledged by the best judges to be the very purest and best imported, and they command the highest prices in the markets of London and San Francisco. *

In addition to their usual stock of house furnishing and other goods, Burns & Edwards would call special attention to their stock of Glassware, China, Earthenware and Plated ware, consisting in part of handsome cut and engraved Decanters, Champagnes, Clarets, Hocks, Ports and Sherries, Tumblers, Vases, Epergnes, Flower stands, Celery glasses, Tea and Dinner Services, Plated Tea Services, Spoons, Forks, Soup Ladles, etc., etc. Some of the above goods are superior to anything of their kind ever imported to this market, and are very suitable for Christmas or New Year's Gifts. *

Christmas!—It is scarcely necessary for us to enumerate the variety of articles upon exhibition at T. N. Hibben & Co.'s, Government street, in anticipation of the approaching holidays. There must be a concession in the minds of every resident here, for the past twelve years, that such an important occasion has never been slighted by us. We are justified in saying, that if one season has excelled another in a tempting array of Christmas-boxes, the present one will eclipse them all in variety, beauty, and attractiveness. *

Notice.—I take pleasure to inform Mr. E Watson's former customers, and particularly the Officers of the Fleet, that I have done all his Watch and Chronometer work for the past four years. As he has left the country, I beg to solicit the direct patronage of his former customers. All watch and fine clock work done for him by me, under one year, will be guaranteed by me. Attention paid also to Letter and Seal Engraving, at moderate prices. G. W. A. Lange, Yates street. *

Details of the Portland Fire.

PORTLAND, Dec. 22—A disastrous conflagration visited the city to-day, or yesterday, in a China wash house, on the east side of Front, between Alder and Washington, and nearly the entire block on the west side of Front, between Alder and Morrison. Carter's building entirely destroyed; Occidental and Gilman's blocks are partly burned. At twelve o'clock a general conflagration of the portion seemed imminent. Goods, furniture, etc., were moved from several blocks in the direction the fire was taking, but at about half-past twelve the wind changed, driving the flames back on the burned district, and the firemen obtained control, confining the flames to the three blocks.

Engines and men came from Vancouver, Albany, Salem and Oregon city.

The Washington and Emmett Guards were stationed on blocks adjacent to the fire to preserve order, and prevent crowds from collecting to interfere with working of firemen.

The loss is roughly estimated at over three hundred and fifty thousand dollars; insured for one hundred and fifty thousand.

The following are the principal losers: J. B. Congle, saddlery and harness, $25,000, insured for $15,000; W. Currier & Co., clothiers, $60,000, insured for $31,000; Chas Hopkins, $20,000, insurance $2 500; J. W. Vaughn, $30,000; Bailey & Wall, $3,600; E. Cahalin, boots and shoes, $4 000; Kast & Richards, $4,000; Quimby & Perkins, $12,000; Prayer & Harris, $50,000, partially insured; Geo. L. Hibbard, feed and produce, $16,000, insured for $3,000; C M. Carter, $50,000, insured for about $25,000; J. M. McCoy, $2,300; J. M. Gilman, $5,000; S. L. Stone, $4,000, insured for $1,000; B. L. Stone, jeweller, $7,500, insured for $1,500; A. J. Walling, Job Printer, $10,000 partially insured; Occidental Hotel, $25,000; McCormick, $25 000.

Several firemen were injured by falling of Carter's building; Gallagher, foreman of No. 4, is not expected to live.

A dispatch of this morning says that the fire was checked at 10 o'clock last night.

ARRIVAL OF THE PRINCE ALFRED.—The direct steamer Prince Alfred, plying between San Francisco and this port, arrived at Esquimalt harbor at 9 o'clock on Christmas evening. She came alongside Messrs. Brodrick & Co.'s wharf at 8:45 o'clock, yesterday morning, having made the trip up from San Francisco in four days. She brings 28 passengers in all, and 270 tons of freight. The Prince Alfred left San Francisco somewhat hurriedly on the evening of Saturday last, having to come away with many of her improvements incomplete, and the circular engine which works with her new condenser in an unfinished state, hence, we are informed she made the trip in four days with no assistance at all from her new machinery, notwithstanding a heavy sea was running during the entire passage, and severe south-east gales blowing. The steamer Idaho, which it was supposed by the owners of the Prince Alfred would have made another trip up here, and thus have given them additional time for improvements, etc., was chartered by the Pacific Mail Steam Co., and has sailed for Panama. Six new staterooms have been built on the aft deck of the Prince Alfred; the Purser's, Captain's, 1st. and 2nd officers, and freight clerk's room; a good alteration has also been made to her dining saloon, the entrance being much more convenient than before; she can now accomodate 78 cabin passengers. One of the most important improvements is that a pilot house has been built forward in place of the old one which was aft. She is scarcely the same ship she used to be, and we may expect even further changes soon. The following are the names of her passengers: Mr. Adams, John Scotchman, J. Slorah, S. A. Rounds, E. A. Abbot, G. W. Langon, Mrs. Welfare and child, Mrs. Moss, M. Welzinsk, J. N. Johnson, W. F. & Co.'s messenger, and 19 in the steerage.

THE EARTHQUAKE.—Mr. H. Eaves, of Snoqualmie, writes to the Seattle *Dispatch* from his place, near the foot of the mountains under date of the 17th inst., as follows: This valley has been pretty well shook up during the past three days with earthquakes. The first was about 10 o'clock on Saturday night, lasting a minute and a half, and was very heavy. We had thirteen more shocks before daylight, but one as heavy as the first. Since then we have had ten. A very heavy smoke has risen in the mountains a little west of north, seen distinctly when not too cloudy. There appears to be two volumes of smoke. Mount Baker is in the direction of the smoke seen from Snoqualmie, and it is not improbable that the earthquake shocks felt here were caused by an eruption of that volcanic mountain, as all accounts concur that it was most violent in that direction.

FROM THE SOUND.—The steamer North Pacific arrived here yesterday from the Sound and way ports, at 1:30, p. m. She brought across a small English and Canadian mail, and the following passengers: Messrs. Ackson, Monastes, Harrison, Hansel, Connel, Matthews, Seaton, Johnson, Hardie, Vernon, Murphy, Crawford, Zelo, North, Marks, Watson, Runnels, Quinler, Caslo, McCrae, Ellicott, Golberg, Harris, Albini, Baine, Demar, Nelson, Davis, Clymer, Currant, Smith, Colonel Vernon—11 Chinamen, 3 Indians.

CHRISTMAS IN THE CHURCHES.—The religious services customary upon Christmas Day, the anniversary of the birth of the Redeemer, were held at the several places of worship of the Episcopal, Catholic, and Wesleyan Churches, in Victoria and vicinity, on Wednesday. Most of the sacred edifices were handsomely decorated; Christ Church and St. John's were very elaborately festooned and embellished.

WASHINGTON TERRITORY.—Olympia claims to have had 83 buildings erected in and around it during '72. A Masonic ball will be given at Steilacoom to-morrow evening. There was a heavy fall of snow over the Sound.

HOPE SILVER.—Messrs. Moody, Dietz & Nelson received by the Prince Alfred a bar of silver containing $79:36 silver, and $4 70 gold. The yield from 270 lbs. of ore taken from the Victoria lead, near Fort Hope.

FIRST INTERMENT IN THE NEW CEMETERY.—The remains of the late Mrs. B. W. Pearse, who died on Christmas morning, will be interred about 2, p. m., to-morrow, in the new cemetery, Ross Bay.

Old Canada Summary.

[SEVEN DAYS LATER.]

QUEBEC, Dec. 12—It is rumored that A R Anger, advocate, will present himself at the forthcoming election of the county of Montmorenci, in opposition to the Hon Mr Cauchon, who intends to present himself for re-election, and is already canvassing th county for supporters.

The lighthouse on Anticosti Island was completely destroyed by the late hurricanes, and the light keeper, Mr. Baxter, his wife and six children were killed.

Mr. Cauchon has done the only thing possible under the circumstances, to escape the ignominy of parliamentary expulsion, and has resigned his seat in the Legislature. But it is believed he will again present himself as a candidate for the suffrages of the electors of Montmorenci.

It is understood at Quebec that Mr. Cauchon's intended resolution for the purchase of Beauport Asylum, will place $50,000—the purchase money of the building—into the hands of Mr. Cauchon at once, instead of having to wait for it eight years.

MONTREAL, Dec. 12—His worship the Mayor calls a meeting of the citizens for Saturday next, to inaugurate a public ball in honor of Lord Dufferin.

Mr. Cassidy, M.P.P., is among the candidates for the coming Montreal Mayoralty.

The Nova Scotia telegraph lines are to be transferred to the Western Union Telegraph Company.

Members are already preparing for the meeting of the House—Ottawa A number of Senators and members of the Commons have been enquiring for, and have had agents looking up lodgings.

The Dominion Board of Trade will meet in Ottawa on the 15th proximo. The local Boards of other cities throughout the Dominion are making energetic efforts to prepare their representatives for the meeting of the Dominion Board.

FORT GARRY, Dec. 9—A discharged volunteer, named Dupont, entered the barracks here on Friday evening, and deliberately shot a volunteer named Vogt, killing him on the spot.

The New Ministry.

EDITOR STANDARD:—Your contemporary, in a recent leading article, starts a strange theory when he attempts to pick a hole in the new Ministry on the plea that certain districts and interests are not represented therein. Who ever heard of Ministers being chosen because they represented certain places or followed certain callings? Let me tell him, once for all, that in selecting Ministers, the capabilities of the men themselves alone are thought of. In England it has generally happened that the Ministers have represented very unimportant places. Sir Robert Peel, for instance, for many years before his death represented the fourth rate town of Tamworth, near which his country seat lay. Who ever heard of Liverpool expecting that one of her members should be in the Cabinet. Besides, in England, a large proportion of every Cabinet are Peers, and therefore represent no places at all. The Premier, also, is often not in the House of Commons, but in the Lords. Should the member for any place be offered the position of a Minister, his constituents feel honored thereby, but derive no other advantage.

The above remarks will indicate how careful constituencies ought to be in the selection of their representatives.

Our Railway.

[Ottawa Correspondence of the Globe.]

The two rival Canadian Pacific Railway Companies have their representatives here attempting a compromise of amalgamation. The Ontario Company's interest is supported by Hon. John Carling and Major Walker, of London, Hon. Frank Smith and Mr. John Sheddon, of Toronto, and T. N Gibbs, M. P., Oshawa. The Quebec Company is represented by Sir Hugh Allan, Hon. J. J. C. Abbott, and Hon. Mr. Foster. Mr. C. J. Brydges is also here in the railway interest. These several parties had lengthy conferences to-day amongst themselves, and with Cabinet Ministers, and the indications are that a basis of union of interests and powers will be agreed upon.

FURTHER.

OTTAWA, December 8—There are rumors of trouble in the Government camp. Serious difficulties threaten the relations of the Government with those of their supporters interested in the rival Pacific Railway Companies. At least such is the statement of independent friends of the Administration who have the strongest desire that an amicable arrangement may be effected. The points of disagreement between the two companies seem, notwithstanding previous reports, far from being reconciled, and the whole situation is the more critical in consequence of a casual difference of opinion in the Cabinet. The differences between ministers are said to have gained a seriously threatening attitude, and are believed to be based upon the sympathy which the eastern and western sections of the Privy Council, under the constraint of powerful supporters, have respectively, with the eastern and western claimants for the Pacific railway contract. Whether the Government is to be rent in twain by the powerful interests, each of which seems determined to have its way, although it should destroy the Administration, the lapse of a few days may determine. It is questionable, under the circumstances, whether the Government will be permitted to escape from its dilemma by resorting to a third company. At present, neither of the strong interests that have the Administration at bay, seems disposed to waive its claims, either in favor of the other, or of a third party.

China and Japan.

CHINA.

We have Hongkong dates to the 12th of November:—

The rates by the China Telegraph Company—submarine cable between Singapore, Saigon and Hongkong, connecting with the Indian, Australian and European cables—are published in the Hongkong press. The rate from Hongkong to London, for twenty words is $28 80.

THE MARRIAGE OF THE EMPEROR.

The North China *Daily News* says: The marriage day of his Imperial Majesty the Emperor of China, and the august ruler of hundreds of millions of subjects has passed over Pekin as if it had not been. There was no popular excitement or demonstration, such as would accompany the nuptials of royalty in Europe, nor even a very general interest displayed by the citizens of the capital in the event. Everything seemed to be formal, and so far as the outer barbarian or the more favored celestials were concerned, perfectly private. For some time we have known that his Majesty Tungchih would, on the 16th of October, in the eleventh year of his reign, and sixteenth of his age, be united to the accomplished and virtuous Ah-lu-te, daughter of Chung-chih, a Tsiurer in the Haulin, now raised to the dignity of Duke.

FOREIGN MINISTERS BEQUESTED TO KEEP OUT OF THE WAY.

A few days before the event, Chung-how, and another high official from the Tsung-li Yamen, called on the Foreign Ministers and suggested that they should ask their nationals to keep out of the way. Some of the Ministers, Mr. Wade among the number, and Mr. Hart for the Customs officials, accordingly issued notifications requesting foreigners to avoid showing themselves while the procession passed along—which the foreigners considerately did, so far as was consistent with their determination to see somewhat of it. The resident Foreign Ministers, who refuse to *kotow*, were of course excluded from the ceremonial. Excepting the procession from the Imperial palace to the Empress elect's residence, everything was conducted within the sacred privacy of the palace. The procession part is therefore all that can be noticed.

THE PROCESSION.

About four in the afternoon of the 16th, the grand wedding procession issued from the Imperial palace to bring the bride to her Imperial Lord. A body of runners preceded it, and at the head of the procession rode a Mongol Prince, with his attendants; then fifty white ponies, with yellow housings, and led by men in scarlet; the band, dressed in scarlet—silent; a number of men marching in pairs, with banners—small flags of yellow or red, having blue or black dragons emblazoned on them, and borne on red poles, a scarlet umbrella of state; about 200 men with lamps; 48 large round emblem fans; men with black and colored umbrellas; more lamp bearers, etc.; the princes, one a fine looking man, said to be Prince Kung. These princes were the masters of the ceremonies. The empress' book and seal, each borne on a white chair; the empress' chair, covered with yellow silk and gold, the poles red, and carried by sixteen eunuch bearers, all in scarlet and freely be-buttoned; sixteen spare bearers following; a Manchu Prince, with numerous attendants and officials on horseback; about 200 guards on foot.

ASSUMPTION OF GOVERNMENT BY THE EMPEROR

The Emperor has issued a mandate, which contains the following.

"Whereas—We have this day issued an Edict commanding the Board of Astronomy to choose a favorable day for the performance of the ceremonies proper to the assumption of the Government of the Empire by His Majesty * * * * * * Therefore, we command the several officers respectfully and sedulously to prepare all things necessary for the performance of the grand sacrifice at the altar of Heaven at the Winter solstice of the present year—21st December, 1872—when the Emperor will, for the first time, perform the ceremonies in his proper person. Respect this."

JAPAN.

Our dates from Japan are to the 23rd of November:—

The *Mail* notices that an interesting and important work has lately been carried out in Yeddo—a suspension bridge, the first in Japan, built over a ravine filled with water, which separates the Mikado's palace from his pleasure gardens. The Japanese had failed to bridge the ravine by their own methods, and the present structure was designed and erected by Mr. Waters, Surveyor-General to the Government. It is two hunderd and thirty-four feet long, seventeen feet wide, and sixty feet from the water.

The Grand Duke arrived in Yokohama, and was received right royally by the Mikado.

The effect of the opening up of Japan is strikingly shown by the fact that in four years the yield of tea in some provinces has nearly trebled, and may now be expected to increase annually for some years.

Eighteen miles of railway are now open in Japan. Last week the number of passengers was 26,445, and the amount of receipts $8,619. Both have been sextupled in the past five months.

The Yoshiwarras, or public brothels of Japan, have been abolished, and the inmates sent home to their relations; such as were friendless, it is said, being despatched to colonize Yesso. The maintenance of Japanese women as mistresses by foreigners, is also placed under restrictive licenses.

Our San Francisco Agent's Lecture on the Resources of the Province.

[From the S. F. Alta of the 19th.]

W. R. Adamson addressed a fair audience at Mercantile Library Hall, last evening, on British Columbia, as a field for immigration. The speaker being introduced by W. Lane Booker, H. B. M. Consul, Mr. Adamson pictured, in bright figures, the immense resources of the British possessions in the North, now so thinly populated. Its rich gold, silver, copper and coal fields, its rich agricultural districts, and its vast resources, awaiting to be developed by honest industry, aided by capital and enterprise, the liberal land policy, the efficient administration of the law for the protection of life and property, and the projected Canadian Pacific Railway, offer a large field for the capitalist and immigrant.

[From the Chronicle.]

Professor Adamson, an agent for the peopling of British Columbia and the adjacent icebergs, lectured at Mercantile Library Hall, last evening, on the fascination of life in the polar regions and the attractions of her Majesty's frozen Pacific Province in particular. As was to have been expected, the Professor was loud in his praises of that favored region. According to his statements, Victoria, a little village nestling among the icebergs like a frosty potato in a dunghill, was the most beautiful and finely-situated city on the Pacific Coast. The gold and silver mines were dilated upon, and people were told the road to reach them. The coal fields were duly magnified, and the agricultural resources of the country flatteringly set forth. The audience were told upon what terms these fertile meadows could be leased, and from the Professor's statements we should say the less people have to do with leasing them the better for themselves. Notwithstanding their vast fertility, there was not sufficient produce raised in the whole country for the demands of the town of Victoria, which was compelled to import largely from California and Oregon. If the Professor thinks to secure our people into that barren, frozen region he is mistaken. If any one is ambitious of freezing to death, Uncle Sam can accommodate him, and if he will only be patient, the way things have been for a few days past, he can soon be accommodated with frost-bitten ears and chilblains in San Francisco.

General Dispatches.

THE COMMITTEE OF THIRTY IN THE FRENCH ASSEMBLY.

PARIS, Dec. 20—The Committee of Thirty has appointed two Sub-Committees, which sit separately. The members of the Committee express a great desire to come to an agreement with the Government. The Minister of the Interior is consulting with the Prefect and Mayor of Lyons upon the expediency of suppressing the existing municipal government of that city on account of the pronounced radicalism of its members, and of dividing the city organization to several municipalities.

THE LONDON "TIMES" ON THE PRESIDENT'S MESSAGE.

LONDON, Dec. 17—The full text of President Grant's Message was published in the London journals. The *Times*, in reviewing it says: The President appears reticent and formally courteous, bowing to the Diplomatic circle, with all the urbanity of the old-world statesmen. The message is a striking picture of the prosperity and rapid progress of the country. The *Times* approves the proposal for an Alaska Boundary Commission, and praises the President's moderation toward Cuba; applands the recommendation for a reduction of the army, and says the President is about to enter upon his second term, finding the Union restored to its normal state at all salient points, but still leaving traces of the great war in the public debt and disorganization of the South.

A FRIEND IN NEED!

HOLLOWAY'S PILLS

WONDERFUL CURE OF ASTHMA OF 18 YEARS STANDING

Copy of a Letter from Mr. Ferdinand Mc Devett Innkeeper & Grocer, Glenties, Co. Donegal, dated 4th March, 1861.

To Professor Holloway.

Sir,—I suffered from asthma for 18 years, accompanied with great difficulty of breathing, and severe cough with spitting of blood. I was also afflicted with Piles. At different times I was treated by most skilful physicians, and was at length pronounced by them to be beyond cure;—as a last resource, I was induced to use your Pills and Ointment, and in the short space of a fortnight could walk about, and am now perfectly cured, to the astonishment of all who knew me.

BLOOD TO THE HEAD WITH GIDDINESS.

Copy of a letter from Mrs. Mary Foster, Half Moon Street, Totness, dated March 16th 1861.

To Professor Holloway.

Sir,—For many years I suffered periodically headache, and giddiness in the head, to such a degree that at times I have scarcely been able to walk; after obtaining the best medical advice without effect, tried your Pills and in less than a week I was completely cured. Mrs. Donnal, Chemist, of Totness, can vouch for the truth of the above statement.

COMPLAINTS OF WOMEN AND CHILDREN.

The very mild and painless action of these invaluable Pills, recommends them to every household as a remedy for the early departures from health. Any mother, nurse, or young person guided by the direction which accompany each box of Holloway's Pills, has at once available means for checking disease, qualifying the blood, and expelling from the system all gross humors. They are, indeed, at all ages, the tried females friend.

DISORDERS OF THE KIDNEYS & OTHER INTERNAL ORGANS

Loss of appetite and flatulency are usually the forerunners of stomachic disease. These famous Pills exercise the most salutary power in all affections of the liver, and irregularities of the stomach and bowels; they restore a healthy function to every internal organ, overcome all obstructions, and cast out all impurities.

THE ACTION OF THE KIDNEYS & OTHER INTERNAL ORGANS.

The immediate loss of muscular strength and nervous energy is more particularly remarkable in renal than in most other diseases. Their deficient action for one day suffices to produce fever, hence the necessity for prompt and efficient treatment. Holloway's Pills have the great merit of restoring any suspended or diminished secretion, and of relieving any inflammation or congestion in the spleen, kidneys, or other subsidiary organs.

The tight, suffocating, anxious feeling caused by derangement of the heart, makes the sufferer look on present death as imminent. Holloway's Pills prove an efficient and ready remedy when the disturbed circulation depends on indigestion flatulency, or debilitated nervous vigor. Persons suffering from disturbance of the heart should take about six of these Pills two or three times a week, according to circumstances, to arrest the too active action of the heart.

WEAKNESS, LANGUOR AND DEBILITY.

These famous Pills will immediately remove all symptoms of debility, langour and weakness as they act upon the main springs of life, and thus save thousands from premature grave.

Holloway's Pills are the best remedy known to the world for the following diseases:—

Ague	Inflammation
Asthma	Jaundice
Bilious Complaints	Liver Complaints
Blotches on the Skin	Lumbago
Bowel Complaints	Piles
Colics	Rheumatism
Constipation of the Bowels	Retention of Urine
Consumption	Scrofula, or King's Evil
Debility	Sore Throats
Dropsy	Stone and Gravel
Dysentery	Secondary Symptoms
Erysipelas	Tic-Douloureux
Female Irregularities	Tumours
Fevers of all kinds	Ulcers
Fits	Venereal Affections
Gout	Worms of all kinds
Head-ache	Weakness, from whatever cause &c., &c.
Indigestion	

Sold at the Establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicine throughout the civilized world.

*** There is considerable saving by taking the larger size.
